8. NEW BUSINESS:

- a) **MOTION** to adopt CPAD Resolution 22-02 to add a special tax increase measure to November 8, 2022 General Election Ballot

Discussion: This resolution supersedes Resolution 22-01 adopted at the May 23, 2022 Regular Board Meeting and is the final approval to submit the proposed measure to El Dorado County Elections Department for the November 8, 2022 General Election.

Motion: KK **Second:** DS

- b) **MOTION** to adopt CPAD Resolution 22-03 Declaring an Election Be Held in its Jurisdiction Consolidating with Other Districts Requesting Election Services

- c) Resolution for Appropriations Limit for 2021/22 Fiscal Year

MOTION to adopt CPAD Resolution 22-04 to set appropriations limit for this fiscal year, FY2021/22.

Discussion: This is a back fill as this resolution was not brought to the board’s attention last year. Because the appropriations limit is far above what the district receives from the special tax, it does not affect the operation of the District.

Motion: TB **Second:** JR

DS_Y__GG_Y__KK_Y__JR_Y__TB_Y_ (Y-YES, N-NO, A-Abstain, /-Absent)

d) Resolution for Appropriations Limit for 2022/23 Fiscal Year

MOTION to adopt CPAD Resolution 22-05 to set appropriations limit for this fiscal year, FY2022/23.

Discussion: Resolution to set budget appropriations limit for FY 2022 required by El Dorado County. Each year, EDC notifies special districts within the county of the factor districts can multiply the prior year appropriations limit to determine the new fiscal year appropriations limit. Base limit was set many years ago. CPAD's limit does not affect budgeting as the limit is far above what CPAD receives in special taxes.

Motion: TB **Second:** KK

DS_Y__ GG_Y__ KK_Y__ JR_Y__ TB_Y__ (Y-YES, N-NO, A-Abstain, /-Absent)

e) **MOTION** to approve a bond call in September

Discussion: NBS recommendation for bond call in September because of our surplus funds, after which we get a revised debt service schedule. It is about \$3 2,000 in bond calls.

Motion: TB **Second:** JR

DS_Y__ GG_ **A**__ KK_Y__ JR_Y__ TB_Y__ (Y-YES, N-NO, A-Abstain, /-Absent)

f) **MOTION** to approve purchase of replacement Point-of Sale (POS) system for fuel system.

Discussion: With the below ground fuel tank risk reduced to acceptable with the results of the tank interior inspection, the Fuel System Ad-Hoc Committee evaluated the next risk item, the fuel Point-of-Sale (POS) system. Current POS is over 20-years old (15-year lifetime), only accepts magnetic strip cards, is no longer supported and requires expensive land-lines. If/when the POS fails, fuel transactions can only be done by manual processing by the airport manager or trained volunteer. No 24/7 fuel availability. Financial risk in that in fuel sales are a significant part of the airport's income, about 20%. EMV (chip reader) capability needed to reduce fraud liability risk and eventual discontinuation of magnetic strip cards.

TABLED UNTIL JULY 2022 MEETING.

Discussed possible third vendor from Director Gordon. Questions brought up regarding the possibility of leasing to reduce upfront costs and maintenance expense.

Motion: **Second:**

DS_____ GG_____ KK_____ JR_____ TB_____ (Y-YES, N-NO, A-Abstain, /-Absent)
